

**Wheel Alignment Systems**

WinAlign fully integrates the functions of the console, sensors and lift into one highly efficient alignment system. Available for cars, light duty trucks and heavy duty vehicles.

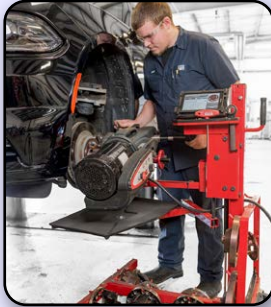

**Wheel Alignment Racks**

Hunter racks are available in various types (ie, scissor, pit, four post, etc.) and sizes for cars, light and heavy duty vehicles.

**Wheel Balancers**

Hunter's premier wheel diagnostic machines solves vibration and drivability problems with a series of patented tools. Available for cars, light duty trucks and heavy duty vehicles.

**Vehicle Brake Lathes**

Bringing machine tool precision to rotor refinishing, Hunter Hub-Mounted Lathes increase productivity and reduce comebacks. Available for cars, light duty trucks and heavy duty vehicles.

**Tire Changers**

Power and speed make these tire changers suitable for volume service of all tire and wheel combinations. Available for cars, light duty trucks and heavy duty vehicles.

**Heavy Duty Equipment**

Hunter is the world leader in producing heavy-duty lifts, heavy-duty truck alignment machine systems, tire changers and balancers built for maximum efficiency and load capacity.

Louisiana State Contract  
#4400027443

[www.GovLifts.com/LA](http://www.GovLifts.com/LA)

**The Louisiana State  
Contract Saves Time,  
Money and Resources**

**Louisiana State Contract  
#4400027443 For Vehicle Lifts &  
Related Garage Equipment**

Consider the hard dollar costs of such activities as advertising as well as the soft dollar costs associated with time spent purchasing and legal staff in the procurement process. Once all of these factors are added, the TCP (Total Cost of Procurement) can range from under \$1000 for a simple commodity purchase to many thousands of dollars for more complex RFP's. The time involved in making an award for a more complicated procurement can exceed 12 months. The Louisiana State Contract eliminates the bid process, saving time and taxpayer dollars. Every city, county, or state agency in Louisiana can use this tool to purchase Mohawk Lifts & Hunter wheel service equipment.

# Hunter's state-of-the-art automotive technology

## TERMS AND CONDITIONS

### WinAlign® Alignment System

Receive accurate results in seconds with Hunter's highly-efficient alignment system.

### RX Scissor Lifts

Maximize productivity by handling large capacities on space-saving, low-to-ground lifts.

### Road Force Elite® GSP9700

Solve vibration problems with Hunter's innovative complete wheel diagnostics.

### TCX50 Tire Changer Series

Change a large volume of wheel assemblies with Hunter's easy-to-use, powerful tire changers.

### AutoComp Elite™ On-Car Brake Lathe

Service each rotor precisely in less than 9 minutes.

### Quick Check® Inspection System

Test alignment angles, brakes, emissions, battery health, tire pressure and tread depth in just 2 minutes!

### WinAlign® Heavy-Duty Alignment System

Save time and effort with Hunter's alignment system designed for multi-axle vehicles.

### ForceMatch® HD Balancer

End wheel vibrations for a wide range of vehicles from passenger cars to Class 8 trucks.

### TCX625HD Tire Changer

Service over-the-road truck tires safely and easily. Easy-to-use features make it ideal for match-mounting.

- F.O.B. delivered to 48 contiguous states
  - **Production point:** Mohawk Lifts: Amsterdam NY; Hunter Engineering: Bridgeton MO, Raymond MS, Italy
  - **Discount:** Prices shown herein are net prices (discount deducted) - www.govlifts.com
  - **Additional Quantity Discounts:**
    - A. 6+ Units Model System I, LC-12, LMF-12, TP-16, TP-18, one PO, one shipment, one destination, 5% discount.
    - B. 3 TP-16's, one PO, one shipment, one destination, LMF pricing.
    - C. System I, LC-12, LMF-12, TP-16, TP-18, purchased in quantities of 12, one PO, one shipment, one destination, additional 10% discount.
  - **Prompt Payment Terms:** Net 30 Days
  - **Government** commercial credit cards accepted for all purchases
  - **Warranty:** Mohawk Lifts Standard Warranty applies (Model Dependent) - mohawklifts.com/warranty
  - **Time of Delivery:**
    1. 3 to 120 days A.R.O.
    2. Emergency delivery 48 hours to 90 days (model dependent)
    3. Immediate delivery available (model dependent)
